

Discover and build Wikimedia technology

Find technical documentation, and connect with the developer community behind [Wikipedia](#) and other [Wikimedia projects](#).

Get started

Use Wikimedia content and data

Access articles from Wikipedia, media files, structured data, and more with public APIs and downloads.

Build tools and bots

Tools and bots make it easier to edit and maintain Wikimedia projects.

Contribute to Wikimedia open source

Help build the Wikimedia ecosystem with open source software.

Connect with the community

Get involved with the Wikimedia technical community, and find opportunities for support and learning.

Get help

Find resources to help with questions and troubleshooting.
