

Category:Sociology

Pages in this category **should be moved to subcategories where applicable**. This category may require frequent maintenance to avoid becoming too large. It should directly contain very few, if any, pages and should mainly contain subcategories.

Wikimedia Commons has media related to ***Sociology***.

*The main article for this category is **Sociology**.*

Sociology is the study of social behaviour or society, including its origins, development, organization, networks, and institutions. And it critically analyze them to develop a body of knowledge about social order, disorder, and change. Subject matter ranges from the micro level of individual agency and interaction to the macro level of systems and the social structure.

To browse this category, you may prefer to use the Sociology category tree.
