Overview

About us

CSL is a leading global biopharmaceutical company with a dynamic portfolio of lifesaving medicines, including those that treat haemophilia and immune deficiencies, vaccines to prevent influenza, and therapies in iron deficiency, dialysis and nephrology. Since our start in 1916, we have been driven by our promise to save lives using the latest technologies. Today, CSL – including our businesses, CSL Behring, CSL Seqirus, and CSL Vifor – provides lifesaving products to patients in more than 100 countries and employs 29,000+ people. Our unique combination of commercial strength, R&D focus and operational excellence enables us to identify, develop and deliver innovations so our patients can live life to the fullest. CSL's Casarine Chong, General Counsel, R&D, Business Development and Strategy, joined a panel at [#BIO2026](#) to share perspectives on navigating uncertainty and identifying opportunity in biotech dealmaking. This [Bionews, Inc.](#) feature captures key themes from the discussion shared by Cassie and her industry peers.

If you are advancing vaccines or new therapies in immunology, hematology, cardiovascular & renal with the potential to change patient lives, CSL would welcome the opportunity to connect. We're a \$50 billion global biotech that invests \$1.4 billion annually in R&D to deliver therapies and vaccines to people in over 100 countries. [#CSL](#)
