Better iCloud syncing

If you alternate between your iPhone and iPad while browsing, then you'll be happy to know that we've improved Opera Coast's iCloud syncing. Your devices will now share the last page you viewed. We are also syncing passwords via Keychain on iCloud. Keychain is disabled by default. You can enable it in your devices' settings. Go to Settings > iCloud > Keychain. From there you can toggle Keychain on or off.

Updated iPad search

iPad search now has the same functionality and look as iPhone. You can now pull down anywhere on the home screen to open search!
