Automate complex work with intelligent AI agents using Google Workspace Studio

Create, manage, and share AI Agents directly within Google Workspace – powered by Gemini.

Prepare for every meeting

Show up to every meeting or study group prepared with an agent that summarizes upcoming meeting's details, critical deadlines, attendees, and attachments and delivers the information to you via Chat.

Try Workspace Studio

 Translate action items

 Auto-label priority emails

 Save attachments to Drive

Foster collaboration

Promote productivity

Strengthen digital safety

Foster collaboration across your education community

Make it easy for everyone in your education community to collaborate, communicate, and participate in real time.

Collaborate with others in real time wherever you work

Write, edit, and collaborate in real time, add new collaborators, and see changes as they happen in Docs, Sheets, and Slides.

Google Docs

Communicate with students, educators, guardians, and administrators from anywhere

Promote equity with an inclusive learning environment

time-saving tools

Save time with easy-to-use tools that automate and simplify tasks.

Help teachers save time teaching, testing, grading, and organizing

Create and organize classwork, grade tests, and build permission slips, polls and more with Classroom, Assignments, and Forms.

Google Classroom

Give transparent, meaningful feedback

Strengthen digital safety with privacy and security tools

Use one of the world's most secure cloud-based
communication and productivity suites.

Trust in rigorous standards for security and compliance

Help keep your institution safe with data practices that support [compliance](#) with FERPA, COPPA, GDPR, and more. You retain full intellectual property rights over your data, and Core Services, like Gmail, Calendar, and Classroom, have no ads.

Google Drive

Built-in security with automatic protections

Storage and data retention tools to ensure the school day keeps going

Choose the right edition for your needs

Use flexible, secure features and AI-driven tools built for educators at no cost with Education Fundamentals, or add the enhanced capabilities you need with Education Plus.

Every edition includes

Education Fundamentals
