

The power of great apps and Google

Explore apps that connect with Google for Education products to unlock new learning experiences and streamline management for administrators. [Browse the app library](#) or keep reading to learn more.

Practical apps for everyone in education

Connecting education leaders, educators, and developers in one ecosystem. Explore tools that complement the classroom experience and unlock new possibilities for innovation.

Manage apps at scale

Discover apps for your institution, simplify setup and management with app licensing, and save time for educators with Classroom add-ons, and Student Information System (SIS) integrations.

Admin and developer resources

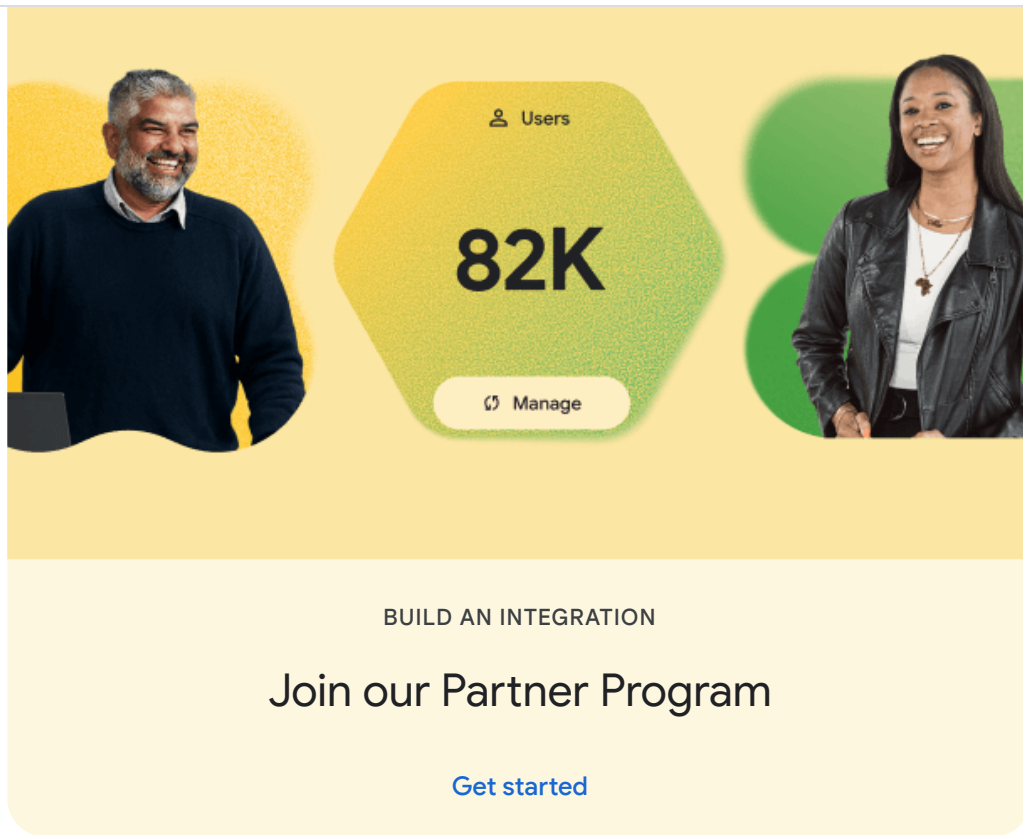

Admins and developers can create and use strategic integrations for apps to enrich teaching and learning experiences. Set up tools in your school, or join our program and integrate. Preview the [Classroom add-on](#) user experience

An illustration on a blue background. On the left, a light blue rounded rectangle contains a blue donut chart with a line graph overlay. To the right of this rectangle are three white circles, each containing a different icon: a person (top), a graduation cap (bottom left), and an open book (bottom right).
