- [Services Quick Reference Guide](#) - Revised 06/16/2022
- [Product Service Code \(PSC\) Manual](#)

Implementation Timelines for Enterprise Resource Planning (ERP) and Software Providers

The plans outlined below are not a substitute for agencies' need to conduct their own market research under FAR Part 10 to determine the availability of other commercial products.

The Quality Service Management Office, the Financial Management Standards Committee, the Treasury G-Invoicing Program and the Financial Innovation & Transformation Office as the Managing Partner of the Financial Management Line of Business (FMLoB) is hosting working group sessions on G-Invoicing implementation, but is not endorsing any plan or vendor solution.

The G-Invoicing Roadmap provides a tentative timeline for delivery of functionality to assist in planning with ERP Providers and the agency community.

Additionally, links specific to the ERP Providers offerings are provided below which may require access from the ERP Vendor. Any ERP provider representative wishing to post additional information or make updates to existing content provided on the documents listed below may contact the G-Invoicing Program team at igt@fiscal.treasury.gov
