Faux Paw Cybersecurity Superstars Curriculum

The cybersecurity industry is growing so quickly, there will be more jobs than people to fill them. That's why it's never too early to learn about careers in cybersecurity. This curriculum is designed to foster discussions between adults and young students (K-3rd grade) about the exciting opportunities available in these fields. Talking about how Faux Paw and the other characters navigate online safety and the

Cybersecurity Superstars Curriculum consists of four lessons about data privacy, digital citizenship, and cybersecurity jobs in a manner relatable to young students. The lessons reference the books/videos Faux Paw's Adventures on the Internet, Faux Paw and the Dangerous Download, and Faux Paw and the Unfortunate Upload (available below).
