[WikimediaMobile] Pulling the Commons app

[Derk-Jan Hartman](#)

6 Sep 2014 3:40 p.m.

I propose we remove the Wikimedia Commons app from the store.
Clearly there is no time available to work on it, there is no one maintaining it or following up on the problems that have been reported since 2013.

Yann is just brining it up on wikimedia-l and I think that it is bad to have an app out there that no on is taking care of. So we should pull it and whoever wants to continue with it can release it under a name of this own.
