About us

MM Interplast is a Myanmar-based company specializing in plastic closures and containers. We are a technology leader in the Myanmar market as one of the first companies to produce preforms using the most advanced and productive machines in the world. Closures MM Interplast concentrates on the supply, distribution and sales of plastic closures for beverage, food and non-food markets. Closure solutions range from simple liquid tight solutions to PET preforms, produced on state of the art equipment. MM Interplast is your preferred partner to support your sustainable strategy in Myanmar's fast growing consumer market. Our Products: Pet Preforms Preforms constitute the basic product (semi-manufactured) from which bottles for various liquids are produced through an injection and blowing process. Preforms are currently one of the fastest growing and most sought after categories in the packaging segment in Myanmar. MM Interplast is a technology leader in the Myanmar market as one of the first companies to produce preforms using the most advanced and productive machines in the world. Closures MM Interplast concentrates on the supply, distribution and sales of plastic closures for beverage, food and non-food markets. Closure solutions range from simple liquid tight solutions to
