After over a decade of using this app on Android and iOS devices, it's now unable to sync the library to download new purchases. I'm so angry as there seems to be no fix, and signing out and reinstalling only gets you fully stuck out of current AND past purchases. Unbelievable. I have hundreds of dollars worth of books stuck in limbo unable to be read because of an app server issue that B&N is totally incapable of providing support for. This is why people read with Amazon.

Love the Nook app. It offers plenty of books to read---often at a good price, too... Can someone please tell me why a lot of my ebooks are no longer showing a cover in my library? It's very aggravating. They were there before, and now they're gone. Having a picture on the cover helps to visualize what the characters look like. It makes the story more enjoyable. A lot of times, that is why I bought the book. Why are they missing???

Sorry for the inconvenience. Try turning the Wi-Fi off and back on, then refresh your library. To refresh/sync your NOOK Library, place your finger at the top of the screen and pull downward then remove your finger from the screen to refresh the app. If the issue remains, contact our support team at service@bn.com with the details.

★★★★☆ April 30, 2025

I wanted to support Barnes and Noble, but this app has lots of problems. The page turning looks cool, but if you go back to the last page, when you flip forward it skips pages and you have to keep trying to get it back on track. The time estimates are off and didn't adjust. It would say that I had 30+ minutes left in a chapter that took 5 minutes. I couldn't highlight anything. The dictionary routes you to Google or Wikipedia. Overall not great, but I was able to read the book.

We apologize for the inconvenience. Just a quick tip: make sure your Android version is up to date, as some features work best with Android 13 or higher. You might also want to try changing the page animation settings—just go to App Settings > Reader > Reading Animation. If you need any more help, feel free to email service@bn.com with the details.
