Overview

About us

Established in 1981 to manage Singapore's foreign reserves, we strive to achieve good long-term real returns on assets under our management to preserve and enhance the value of Singapore's reserves. We have investments in over 40 countries and are headquartered in Singapore, with 11 offices in key financial cities worldwide.

This year, we marked GIC's 100th anniversary. It's a testament to the communities where we've worked alongside our employees.

From conservation and philanthropy to community service, GICians showed up for each other.

To everyone who rolled up their sleeves and worked with us to create a better world, thank you.

Swipe through to view our stories.

GIC today announces changes that will come into effect on 1 October 2020.

- Mr Choo Yong Cheen will be appointed Deputy Chief Executive Officer (DCEO).
- Ms Liew Tzu Mi, currently Director of Portfolio Execution & Solutions (DGCEO). She will step down from her current role.
- Mr Liang Jiajie, currently Director of Portfolio Execution & Solutions (DGCEO).

Mr Lim Chow Kiat, Chief Executive Officer, will concurrently continue to serve as Director of Portfolio Execution & Solutions (DGCEO) to benefit from synergies between the two portfolios."

GIC is pleased to join **TPG** to acquire Aseem Infrastructure Finance — a leading sustainable infrastructure debt financier focused on renewable energy and power transmission in India. Since 2020, Aseem has funded over 27 GW of renewable energy projects and helped cut approximately 33 million tons of greenhouse gas emissions. We look forward to supporting Aseem's next phase of growth as it helps accelerate India's green energy revolution.

GIC's President of America
year's **Forbes** Iconoclast
Age of AI".

, took the stage at this
Investment Signals in the

During the session, he shared how GIC's conviction in AI as a foundational technology has shaped our investment approach: why we invest across the full landscape from enablers to makers to operating companies, what it takes to win in this space, and why being on the ground in markets like San Francisco continues to drive the access, relationships, and insight that power our flywheel.

With more than four decades of experience in the US coupled with our discipline and a whole-ecosystem view, we continue to be committed to investing in one of the most consequential themes shaping markets today.

Sabrina is a Data Engineer at GIC. With a background in mechanical engineering team for the last 10 years, she is now playing a pivotal role in shaping GIC's data strategy.

Technology Group. she leads the BAU team, playing a pivotal role in shaping GIC's data strategy.

Her journey began nine years ago as a User Acceptance Testing tester. She then transitioned into data analysis and, today, data engineering. Along the way, she has contributed to enterprise-wide data platforms that support portfolio management and reporting, and has represented her team in major cross-departmental initiatives spanning data governance and integration.
