How it works

Move more. Play more.

How Fitbit Ace encourages kids to be more active.

More than step counting.

Fitbit Ace LTE's interval-based game system is designed to reward kids for daily physical activity. The more they move, the farther they get through the game, and the more fun they have.

How can I redeem my bonus Ace Band?

- [^] Fitbit Ace Pass is a paid data plan that is required to access most features. Valid form of payment and Google Account required. Ace Pass renews until you cancel. Cancel anytime. No refunds for partial billing periods. See g.co/fitbitace/info for more information.
- [§] This offer is not transferable and is not valid for cash or cash equivalent. Void where prohibited. Fitbit Ace Pass is a paid data plan that is required to access most features. Valid form of payment and Google Account required. Ace Pass renews until you cancel. See g.co/fitbitace/info for more details. For annual plan offer, Ace Band redemption code will be emailed after activation. Additional bands sold separately. Offer available in US only. Void where prohibited. T&C apply. See g.co/fitbitace/info for more details.
- ¹ Ace Pass required. Works with most phones running Android 11.0 or newer or iOS 16 or newer. Requires Wi-Fi access. For users under 13, requires parent and child Google accounts, and parent's use of Fitbit Ace app on parent's compatible phone. Older users require Google account and Fitbit Ace app on user's compatible phone. Parental supervision features available only for users with a supervised Google Account. See g.co/fitbitace/info for more information.
- ² Fitbit Ace Pass is a paid data plan that is required to access most features.
- ³ Ace Pass required. Some features (e.g., connecting with friends) not available in all areas.
- ⁴ Additional bands sold separately and included in some Ace Pass data plans.
- ⁵ Supervised Google Account required.
- ⁶ Calling, messaging, and location sharing are dependent upon network connectivity and other factors and may not be reliable for emergency communications or available in all areas. Ace Pass required. Airplane mode disables calling, messaging and location sharing. Device is not capable of calling emergency services, another Fitbit Ace LTE device, or a phone without the Fitbit Ace app installed. Location sharing is available only for users with a supervised Google Account. To locate your child's device, it must be powered on, recently active, and connected to the internet.
- ⁷ Like all heart rate and activity tracking technologies, accuracy is affected by physiology, location of device, and your child's movements and activity.
- ⁸ Fitbit Ace app works with most phones running Android 11.0 or newer or iOS 16 or newer. Activity dashboard is available only for users with a supervised Google Account.
- ⁹ Parent must set up contacts for users with supervised Google Accounts. Contacts must be either: adults who have a Google Account and the Fitbit Ace app on a compatible phone, or siblings (in the same Google Family) with their own Fitbit Ace LTE device. Parents can only manage contacts where their child has a supervised Google Account.
- ¹⁰ Location sharing is dependent on network connectivity and other factors and may not be reliable in an emergency or available in all areas. Airplane mode disables location sharing. Location sharing is available only for users with a supervised Google Account and Ace Pass.
- ¹¹ Requires compatible payment card and internet access. Payment cards for supervised users may require a separate paid membership (not included with Fitbit Ace Pass). Payment card memberships or parents may restrict purchases of certain products or from certain retailers. Supports Tap to Pay only. See g.co/fitbitace/info for more info.
- ¹² Ace bands are designed to withstand the pressure exerted by 50 meters (5 ATM) of water. The watch is designed to comply with a water protection rating of 5 ATM under ISO standard 22810:2010 when each device leaves the factory, but it is not water or dust proof. Water resistance and dust resistance are not permanent conditions, and will diminish or be lost over time due to normal wear and tear, device repair, disassembly or damage. Device is not drop/tumble proof and dropping your device may result in loss of water/dust resistance. Damage from drops, tumbles, and other external forces are not covered under warranty. Ace bands are designed to be used in shallow water and should not be used for activities involving water at high velocity or high temperature. Liquid damage voids the warranty. After any exposure to liquid, we recommend drying the watch and band because, as with any wearable device, it's best for your skin if the band is clean and dry.
- ¹³ Compatible LTE service (included with Ace Pass) not available on all carrier networks or in all areas. LTE service, speed and performance depend on many factors including, but not limited to, carrier network capabilities, device configuration, network traffic, data use, location, signal strength and signal obstruction. Roaming not included.
- ¹⁴ Maximum battery life is approximate and is based on testing conducted in California in 2023 on pre-production hardware and software, using default settings across a mix of talk, data, standby, and use of other features. Battery life depends on features enabled, usage, environment and many other factors. Use of certain features will decrease battery life. Actual battery life may be lower.
- ¹⁵ Parents can only manage contacts where their child has a supervised Google Account.
- ¹⁶ Calling and messaging are dependent upon network connectivity and other factors. Ace Pass data plan required. Contacts must also have a Google Account.
- ¹⁷ Requires wifi access.
- ¹⁸ Data may be retained where necessary for legitimate business or legal purposes.
- ¹⁹ Additional Ace Bands sold separately.
- ²⁰ Ace Pass data plan required. Up to 20 contacts can be added. Contacts must also have a Google Account and the Fitbit Ace app on a compatible phone.
- ²¹ Parental supervision features are available only for users with a supervised Google Account and Ace Pass data plan.
- ²² Sequences shortened.

Buy

Credit card application decisions are made solely by Synchrony Bank. 0% APR with equal monthly payments is available every day on Phone Purchases (as defined in the credit card agreement). At times, we may offer Equal Pay Financing promotions with 0% APR on identified Qualifying Purchases (and all other items purchased in the same sales transaction). No interest will be charged on Phone Purchases or Qualifying Purchases and equal monthly payments are required equal to the total Phone or Qualifying Purchase amount divided by the number of months in the applicable promotional period, rounded to the whole cent. Any estimated monthly payments shown on a Phone Purchase or Qualifying Purchase may be shown rounded to the next whole dollar (for ease of display) or may be shown rounded to the whole cent. See your billing statement for your actual equal monthly payment required, which will be rounded to the whole cent. If you make your payments by the due date each month, the monthly payment (adjusted for taxes, delivery and any other items purchased in the same sale transaction) should allow you to pay off the Phone Purchase or Qualifying Purchase within the number of months advertised if this balance is the only balance on your account during the promotional period. If you have other balances on your account, this monthly payment will be added to the monthly payment applicable to those balances. New Accounts as of 6/27/24: Purchase APR for Phone Purchases 0.00%. Purchase APR for Other Purchases 34.99%, Penalty APR 39.99%. Min Interest Charge \$2. Existing cardholders: See your credit card agreement terms. Subject to credit approval.
