How can I redeem my bonus Ace Band?

[Fitbit Ace LTE Privacy Notices](#)

- [^] Fitbit Ace Pass is a paid data plan that is required to access most features. Valid form of payment and Google Account required. Ace Pass renews until you cancel. See g.co/fitbitace/info for more details.
- Colors may vary and change over time with use. Not all colors are available in all areas.
 - Fitbit Ace LTE is made with at least 12% recycled materials based on product weight. Yarn used in band is made with 100% recycled polyester, excluding dyes and additives. Recycled yarn is at least 41% of the band based on weight.
 - Ace bands are designed to withstand the pressure exerted by 50 meters (5 ATM) of water. The watch is designed to comply with a water protection rating of 5 ATM under ISO standard 22810:2010 when each device leaves the factory, but it is not water or dust proof. Water resistance and dust resistance are not permanent conditions, and will diminish or be lost over time due to normal wear and tear, device repair, disassembly or damage. Device is not drop/tumble proof and dropping your device may result in loss of water/dust resistance. Damage from drops, tumbles, and other external forces are not covered under warranty. Ace bands are designed to be used in shallow water and should not be used for activities involving water at high velocity or high temperature. Liquid damage voids the warranty. After any exposure to liquid, we recommend drying the watch and band because, as with any wearable device, it's best for your skin if the band is clean and dry.
 - Additional bands sold separately and included in some Ace Pass data plans.
 - Compatible LTE service (included with Ace Pass) not available on all carrier networks or in all areas. LTE service, speed and performance depend on many factors including, but not limited to, carrier network capabilities, device configuration, network traffic, data use, location, signal strength and signal obstruction. Roaming not included. Actual results may vary.
 - Ace Pass required. Some features (e.g., connecting with friends) not available in all areas.
 - Calling, messaging, and location sharing are dependent upon network connectivity and other factors and may not be reliable for emergency communications or available in all areas. Ace Pass required. Airplane mode disables calling, messaging and location sharing. Device is not capable of calling emergency services, another Fitbit Ace LTE device, or a phone without the Fitbit Ace app installed. Calls to landlines not available. Location sharing is available only for users with a supervised Google Account. To locate your child's device, it must be powered on, recently active, and connected to the internet.
 - Maximum battery life is approximate and is based on testing conducted in California in 2023 on pre-production hardware and software, using default settings across a mix of talk, data, standby, and use of other features. Battery life depends on features enabled, usage, environment and many other factors. Use of certain features will decrease battery life. Actual battery life may be lower.
 - LTE service not available on all carrier networks or in all areas. LTE service, speed and performance depend on many factors including, but not limited to, carrier network capabilities, device configuration, network traffic, data use, location, signal strength and signal obstruction. Roaming not included.
 - Parent must set up contacts for users with supervised Google Accounts. Contacts must be over the age of 13, have a Google Account without supervision and the Fitbit Ace app on a compatible phone.
 - Calling and messaging are dependent upon network connectivity and other factors. Ace Pass data plan required. Contacts must also have a Google Account.
 - Requires wifi access.
 - Data may be retained where necessary for legitimate business or legal purposes.
 - Additional Ace Bands sold separately.
 - Fitbit Ace app works with most phones running Android 11.0 or newer or iOS 15 or newer. Activity dashboard is available only for users with a supervised Google Account.
 - Ace Pass data plan required. Up to 20 contacts can be added. Contacts must also have a Google Account and the Fitbit Ace app on a compatible phone.
 - Parental supervision features are available only for users with a supervised Google Account and Ace Pass data plan.
- Google, Fitbit, Fitbit Ace LTE, the G logo, and related marks and logos are trademarks of Google LLC. Corning® and Gorilla® are registered trademarks of Corning Incorporated.
- USB-C® is a trademark of USB Implementers Forum.
