

Record the screen on your iPhone, iPad, or iPod touch

In Control Center, you can start a screen recording and capture sound on your iPhone, iPad, or iPod touch.

How to record your screen

1. Swipe down from the top-right corner of your screen.
2. Tap the gray Record button , then wait for the three-second countdown. If you don't see the Record button, [add it to your Control Center](#).
3. Exit Control Center to record your screen.
4. To stop recording, tap the Screen Recording button  at the top of your screen, then tap the Stop button . Or open Control Center and tap the red Record button .

To find your recording, open the Photos app and select your screen recording in your Library.
