Uses of Class

org.apache.synapse.ServerConfigurationInformation

Packages that use ServerConfigurationInformation

Package	Description
org.apache.synapse	
org.apache.synapse.deployers	

Uses of ServerConfigurationInformation in org.apache.synapse

Fields in org.apache.synapse declared as ServerConfigurationInformation

Modifier and Type	Field and Description
protected ServerConfigurationInformation	Axis2SynapseController.s ServerConfiguration Infor

Methods in org.apache.synapse that return ServerConfigurationInformation

Modifier and Type	Method and Description
static ServerConfigurationInformation	ServerConfigurationInformat Factory method for create a S
static ServerConfigurationInformation	ServerConfigurationInformat Factory method for create a S
static ServerConfigurationInformation	ServerConfigurationInformat Factory method for create a S
static ServerConfigurationInformation	ServerConfigurationInformat Creates a ServerConfiguratio
ServerConfigurationInformation	ServerContextInformation.ge
ServerConfigurationInformation	ServerManager.getServerCo Returns the ServerConfigurat

Methods in org.apache.synapse with parameters of type ServerConfigurationInformation

Modifier and Type	Method and Description
static SynapseController	SynapseControllerFactory.createSynapseCo
