Word of the Day

infest 🔊

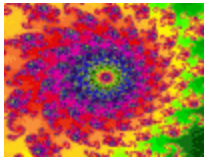

Definition: (verb) To inhabit or overrun in numbers or quantities large enough to be harmful, threatening, or obnoxious.

Synonyms: [overrun](#)

Usage: During the year that followed, Clayton was several times attacked by the great apes which now seemed to continually infest the vicinity of the cabin.

Word of the Day provided by TheFreeDictionary.com

Article of the Day

Psychedelic Psychotherapy

The use of psychedelic agents in Western psychotherapy began in the 1950s, after Sandoz Laboratories, the manufacturer of LSD, began distributing it to researchers. Concern over the unauthorized use of psychedelics by the general public, however, led to widespread bans in the 1960s. Since then, the study of psychedelic psychotherapy has been limited. In recent years, investigators have studied the possibility of treating post-traumatic stress disorder with the drug MDMA, commonly known as what? [More...](#)

Daily Grammar Lesson

Avoiding Unnecessary Prepositions

While it is perfectly correct to end a sentence with a preposition, we must be careful that we do not include extraneous prepositions that do not serve a grammatical function. What is the very common error in the following

Double-click to look up any word on the page (Javascript)

Step 1. Add the following code in the head of all your pages:

```
<script src="//www.thefreedictionary.com/dict.js"></script>
```

Step 2. Modify the body tag as follows:

```
<body ondblclick="dictionary()">
```

That's it. Now when the visitors double-click any word on your site they will get an instant definition.
